Hospital Board Is Reorganized With New Membership

Rabin, Stein and Thomas John Beck and Royal As New Board

Harold Rabin will act as Chairman of the Board of the Southwest Palm Beach County Hospital as a result of the organization meeting of the current Board on Monday night. George L. Hoyt will act as Secretary-Treasurer.

E. H. Fiedler was continued in his position as Administrative Superintendent by the new Board.

The old Board met with the newly appointed members and formally turned over the hospital, its records, etc., and the newly appointed Board organized the new hospital.

Chairman Rabin issued the following statement: "The new Board which took over the operation of the Hospital as of Monday night June 6th, realized that it was unfortunate having this hospital and that it is a community hospital to be operated for the benefit of the community, and not according to the ideas of any clique, professional or non-professional."

"We ask the public to bear with us and give us its support until we can get all the above details of finance, administration and operations."

"We decidedly want the public's support and earnestly request this to the end that we will have an efficient hospital for all of the people, and one to which we all may point with pride."

Soft Ball Teams Lined Up For Seasons Play

Action was taken on Tuesday night for the formation of the Belle Glade Softball League. The six seasons draw from the bat for the personnel of their respective teams. Fiveinning practice games will be played on the evening of the tenth, Lake Park vs. Richards, Coastal Const. Billie Chevrolets vs. Ralph's Market. Regular games will be scheduled for 8:15 and 9:40 each play night at the same diamond since games were played last season.

The sponsors named have drawn the following players for their respective teams:

C. C. Bair, Eddie Schoppe, Bruce Williams, Paige Choate, Wallace Lutz, Carroll McDonald, A. Leathers, H. Unwin, Harry Doggett, Jr., Roy Roberts, B. B. Eggleston, B. R. and C. Bair, Tom Whitaker, E. Newsome.

Summer Round-Up Of Pre-School Children

The Parent Teacher Association is sponsoring their annual summer round up of children who will enter school this fall for medical check-ups and any corrective work that may be necessary. This service will be made available with no cost to the parents and will be open at the Ossela Clinic Building on June 14, 25, and July 12 from 3 to 4 p.m. Nurse Helen Larimore and Dr. Canakaris of W. Palm Beach will give the examinations.

Principal Frank O. Hobson stresses the importance of this and urges parents to cooperate by taking their children to the clinic. Or if they prefer their own family physician may check their child. Forms are being sent to parents and they may also obtain them from Zone 10 and 11 offices.

These detailed forms are filled out and signed by the doctor and complete past medical history information record, and recommended for the child and those are turned over to the teacher at the beginning of school so that she may care for and have a better understanding of each pupil.

Lee Hayman Has A Suit Watch From Glades Association

Lee Hayman, who recently retired from the Pioneer Growers, when he was in Salisbury, North Carolina, will be represented by the firm of C. H. Hayman and Sons, large growers and shippers of Maryland vegetable products.

The company is adding a new addition to its business in the form of a "pickle" plant, which will greatly increase the operations of the company.

Lee is wearing a fine new suit which he will wear to send to him by the Englewood League, of which he is a past president, so it will be rather hard for him to forget his Glades friends and operating experiences of his many years here.

Emmett Roberts To Speak Before Many District Lions Clubs

Emmett Roberts, district delegate governor for South Florida District, and an active candidate for the Governor position next year, was the guest speaker at the Paohokee Lions Club last week.

Mr. Roberts has received a number of invitations to address various clubs during the time he is here. He comes around in Pensacola, he will have made quite a wide acquaintance in the clubs of the district he hopes to preside over in 1950-51.

Prisoner Strikes City Jail Cook And Makes Escape

John Floyd, a hulky colored man from Jacksonville, one of eight prisoners jumping the fence at the Belle Glade city jail, Saturday night, by Constable Harry Whittle, who got up in time. Floyd was captured near Danbury, Iowa, and had been brought to Bell Glade and turned over to Whittle to be returned to the Criminal Court at West Palm Beach for the customary additional sentence of time.

The sentence was suspended, but he got off with a good advance in the volume of cargoes which went out by train to markets and canneries.

Floyd has been a very notorious one of fine physique. Stories were made into many new news spots this year and Glad's products got better advertising and recognition than ever before.

The season opened with a fair advance in the volume of cargoes which went out by truck to markets and canneries.

Farmers already have much of their produce harvested and stored, and some house floors are filled with stock and equipment sheltered away from possible storm ravages.

Legislative Doin's In Tallahassee By County Delegation

Organized Confusion May Produce Something Constructive Yet

Special Election To Approve Civil Service For City

On the bills passed by the Legislature was one permitting the county to set up a Civil Service Board to refer a referendum vote to electors. The organization of such a Board, the Commission has called a special election to be held June 20 for a county wide vote on the proposed ordinance. The bill is set up to protect systems for hiring of city employees.

The commission voted to present a condensed statement of the proposed ordinance to the Herald and also to send copies to each elector through the mail. This bill is for the protection of the city, its employees, and to insure that employees out of political parties.

A petition containing the signatures of more than 80 per cent of the property owners in the zone to change the liquor laws in the western section of the city, on West Ave. R., was presented by "Tiny" Webster who desired to have his package store license transferred from West Ave. A to West 1st Street. The bill complied with the zoning ordinance requirement, the Commission directed the Zoning Board to meet and present its report to the Commission.

The officials of the Community Methodist church also presented a petition asking for a change in the zoning ordinance, to make it property business, rather than residential, so that the church could expand.

Senate Bill No. 229 provides for the change of the title of City and Deputy Marshal to that of Chief and Deputy Chief of Police; authority to appoint police officers, special personnel, and to fix duties and compensation.

Senate Bill No. 229 provides the division of the city into three voting zones, North, Central and West, with two commissioners from Zone

North and Central and one from the west.

Senate Bill No. 631 an act regarding, ratifying, confirming, amending, and repealing the assessment valuation of property, levy and taxes, tax certificates, Tax Sales for 1947 and all prior years.

More than an hour was spent in discussing property condemnation suits as reported by City

Highway Cleared For Speeding Ambulance In Emergency Case

The usefulness of modern inventions and equipment was demonstrated from Okeechobee to Miami, on Saturday, when a team of a new Cadillac ambulance carried a critically ill child from Okeechobee to Miami for an emergency operation.

The state highway patrol, doctors and city police cleared the highway over the route of travel, so that the ambulance could have full right of way to travel at a high rate of speed.

The driver was hitting 75 miles per hour when he passed through Belle Glade and he did not stop to leave any messages. He took curves the same as he did the straightaways, driving at a high rate of speed.

Occupants of the ambulance certainly will never forget that wild ride through the Glades to Miami.

Twenty-eight individual mat-

ches will highlight the annual summer tournament at the Glades this week. Qualifying rounds were completed Sunday, and handicaps have been assigned which will give each member, regardless of handicap, an equal chance to win.

Tournament chairman O. G. McWhorter has announced that the following matches will be played as soon as possible at the Belle Glade club:

Wednesday, June 14: K. E. Kirkman; W. B. Campbell vs. Ralph Kirk; E. A. McCabe vs. Jerry McKee; Bob Jones vs. Carl Come; Luther Jones vs. Tom Watson, Jr.; V. C. Cole vs. Robert Creach; Joe E. WHY PERSECUTE UTILITIES?

By Edgar Pennington Young

Within these United States many, many years ago, there began an attack on Public Utilities.

The main purpose behind this Devility is to promote Communism.

The very essence of Communism is to destroy private Enterprise.

Under Communism men and women are Slaves owned body and soul by the Government.

Today you dare raise your voice in protest away you go to Siberia to a horrid death in seclusion. Your relatives will see or hear from you again.

Unless the American people awake from their deep slumber and their inaction, Communism we will have.

We are headed straight to that direction.

Florida has already gone Socialist—the backdoor to Communism.

Winston Churchill sweat blood during the last War for the British people. His reward was defeat in the very first election. The Government which he had so only was destroyed and he himself took its place.

America should heed this warning but will do so.

The American people no longer elect Candidates who will properly represent them. When this becomes apparent we have been too morally lazy to do anything about it.

I asked a stenographer what she said the Florida Power and Light each month. Her reply was that it averages \$11 a month.

And this is what gets her Eleven Dollars with a Family of four.

This Housewife uses an Electric Waffle Iron; An Electric Toaster; An Electric Refrigerator; An Electric Range on which she does all her cooking and baking; Two Electric Heaters during the Winter; An Electric Mixer; An Electric iron; and an Electric Clock.

Aside from this every drop of Hot Water this Family of four use for bathing, dish washing, etc., is heated on the Electric Range.

This means a total cost of Electricity a month, per person, at exactly \$2.75,—or Sixty-nine Cents a week, per person,—and less than Ten Cents a day per person.

This Housewife declared that her Ten Cent a Day Per Person investment gives her more for her money than anything she buys.

And yet folks complain about the high cost of Electricity. When the Spotlight of Truth is blazed upon false Propaganda it vanishes as Snow under a July sun.

Down through the years Power and Light Utilities have been a main Target of Abuse from Politicians who seek Political Advantage.

If a small and powerful group succeed in destroying private Ownership of Utilities they will then proceed in their well defined Plan to Communize all Business Enterprise and bring it under Government Ownership and Control.

This is the only way they threaten to control our Government which, if accomplished, means that they will own the United States of America.

Business Ownership of Utilities is one of the first steps in that program.

Business in America is hampered, abused and throttled as never before by Communally-tilted Labor Organizations, and bureaus.

Recently F. P. De Moya, Pahokee District Manager for Florida Power and Light, made an address before the Scraptim Club of Belle Glade, George Washington.

Pete De Moya once again demonstrated his loyalty to the Glades. He said, among other things: "People have not even begun to realize the potential wealth of the Glades, of which 85 percent lies in Palm Beach County. Thirty thousand acres are devoted to Sugar Cane. The largest Sugar Refinery in the World, The Uni-Sugar Syndicate, is a Clewiston, where 6,000 tons of Raw Cane are harvested daily, covering 850 varieties; 90 different types of Forest Trees; 125 kinds of Shrubs and 130 varieties of Grasses constitute the diversified flora of the glorious Glades."

Everyone knows that Pete De Moya battles for the advancement of the Glades, morning, noon and night, which not only reflects credit upon himself, but on the Company he so ably represents.

Under the Administration of President McGregor Smith Florida Power and Light instructs and encourages its representatives to battle for the best interest of the Communities they serve.

The able address of Pete De Moya should serve to remind all citizens that such Utilities as Florida Power and Light may be an asset to a Community.

Now from all this, which is worth many times Ten Cents a day per person—that family of four are provided with light the year round by the mere pressing of a button.

The new Standard Service station, of which Wendell Evans is the owner, manager, has an auspicious opening on Saturday, May 12th. Evans' wife, Kenneth Eden and Felton Gibson, Ralls Mackey, who have been with the Vanhorn set up for a number of months past, has been transferred to the bulk

station and had worked its interior and had worked its way through the side door, discovered by a neighbor negro woman. Her husband tried to get to the department with the alarm in his auto, which got stuck, but a delayed phone call finally reached the department.

The room has been occupied but the tenants had gone before the fire broke out, and investigation points to a lighted cigarette as the possible cause of the blaze.

**GARDEN CLUB HAS
ELECTION OF OFFICERS**

The Garden Club ended their season with an annual luncheon meeting at the Community Club House Thursday with 18 members and 3 guests attending. Hostesses were Mrs. G. W. Warren and Mrs. M. G. Cobb.

During the business session which was presided over by Mrs. H. D. Beck, an election of officers was conducted with the following selected: Mrs. Ivan Vanhorn, president; Mrs. Luther Jones, vice president; Mrs. L. W. Beck, secretary, and Mrs. L. W. Warren, treasurer.

Plans for the year were discussed and the next meeting will be held in September. Xora was elected to the City of Pahokee, and if the City approves, it will be the official flower. This will be brought up at the next council meeting.

The contest was held on arrangements, hub-saucer with prizes going to Mrs. Frances Vanhorn, and Mrs. C. W. McDonald. Prizes for the men were awarded to Mrs. Jones for 26 points; Mrs. Vanhorn, 20 points and Mrs. Charles Beck, 20 points. Prices were very attractive flower containers.

The guests attending were Mrs. Peter Teague, Mrs. Elizabeth Hoyer, and Mrs. Della Altman.

**SENIOR CLASS IS
FEEDED WITH BREAKFAST**

The Senior Class of 1949 was honored with a traditional breakfast given by their mothers at the Community Methodist Church Friday morning prior to their graduation that evening.

Willis Warren, class president presented the sponsors, Coach William H. Cooke, Miss Sam Sargeant, Miss Jean Martin, and Principal Frank O. Hobson with gifts from the class, and each gave a brief talk.

The tables were arranged in a square and decorated with an arrangement of fern and marigolds, using the class colors of red and white. Each guest was presented with a gardenia, as a souvenir of the breakfast.

NATIONAL GUARD (Continued from Page 1) weeks training school. If the local unit shows up, it will go for another 18 months, then it will be eligible, if recommended by State National Guard officers, for the erection of a fine army home to house the local Infantry. This is the highest rank of one of the best and clearest explanations of the Red Cross and its divisions of work that has ever been presented to a Belle Glade assembly.

Willie C. Young, the new chairman of the Belle Glade Red Cross Disaster Relief Committee took occasion to announce the formation of the local committee personnel, and arrived at an organization meeting on Wednesday, a list of which appears elsewhere in this week.

President Dras announced there would be no noon meeting next week, as ladies' Night and installation of the new club were to be held Friday night at the County Club of the Everglades. Lion Thibaud has been appointed Scout Master for the Senior Division. Mrs. Francis Rutledge, who is the club's sponsor, replacing Nelly Connell, who resigned under stress of personal business demands.

Frances Retains Job (Continued from page 1) Ingalls Willis, Progress was promoted to manager of the jobs, and all given even unto \$50, 30th to have worked completed.

Three two story buildings on Avenue A, owned by Rader Properties, were ordered vacated of families. Mrs. Francis Rutledge was given to have all her rental rooms in Main St. vacated. Her hairdressing and barber shop being excluded in the building.

Chairman Rubin of the Street Department stated that there would be no new streets built till fall, but that the crew would be returned to the Community church for their third year assignment.

Rev. Mr. W. L. Vandevert announces he will build his new summer vacation Bible school for Beginners, Primary and Junior pupils.

over periods when rock and money was available.

The commission named Mrs. Charles E. Thompson, as chairman, in charge of Water department finances, and gave her a raise of \$24 a month. Also the rest of the n.y.s. fiscal year. Commission also granted the assistant City Inspector a raise of \$500 a month.

Commission directed that the city draw up an ordinance requiring a boy's card, all 14-17 years old, and employees.

LEGISLATURE GIVES

Continued from page 1 Senate Bill No. 632 provided for the setting up of a civil service Board in Belle Glade. It provides for a merit and competitive examination for appointment of city employees not effecting such personnel who have been with the city for a period of one year prior to the establishment of the Board. The establishment of a merit system will make regulations for the operation of the departments of city affairs.

The other active bill gives the City additional powers which the City Commissioners may exercise by appropriate enabling acts so that powers shall be cumulative to powers and ordinances already existing. Also the power to build and operate trailer camps, docks and wharves, dredge and fill land, buy and sell real estate, impose bonds, condemn property for city uses, and a clause that makes it possible and permissible to levy a special tax on tobacco products, which means cigarette tax.

There is a bill in "hook" and not disposed of, is one that provided a right to make a general blanket tax or any commodity, in the way of a sales or excise tax.

Judge Harris Dismissed Three Cases At Monday Police Court Session

As a presiding police magistrate Mayor Junius Harris goes about the business in his customary thorough manner, and he digs for the facts in every case. This particular meanest trial was against three persons charged with the freedom from the charges presented against them. Bathmore Edwards and James Denham had been charged with petty larceny and causing a disturbance. They insisted that they had a perfectly clean story. The Mayor decided that the complainants had "framed" the British subject lads, and set them free.

Albert Kerch was charged with the theft of a wallet owned by his long time buddy, while he was sleeping at the Dixie bar. Smith asserted that he had only taken the money to preserve it for his friend, who had sobered up. Mrs. Douglas Thompson, secretary, Mrs. J. L. Gay, was present. The court dismissed the case as there was no direct evidence to offset his claim.

T. S. Smith was also involved in a libel charge, and although the other active bill gives the City additional powers which the City Commissioners may exercise by appropriate enabling acts so that powers shall be cumulative to powers and ordinances already existing.

August Carter, negro world war veteran, was charged by his wife Eliza, with having affairs with other women because of his beauty. He was serving as a driver and was a good war record, but not so good on prison incarceration, according to FBI record. The judge dismissed the case, subject to future good behavior on the part of both parties.

PRESBYTERIAN CHURCH Sponsors Youth Week

Everyone is invited to attend "Youth Week" which is sponsored by the Everglades Presbyterian Church and being held Sunday through Saturday at the old theater building on S. 1st Street. The Rev. Ned Iverson, well known local leader, will direct and take part in the week's activities. They include moving pictures, radio plays, contests, games, magic in chemistry, special voices and music, and a variety of other features.

The three new citizens came from Belle Glade, namely: Mrs. Eva Rose Narr Kruse (Germany), Mrs. Mary Grace Wilson (British), and Louis Skrobis, Yugoslavia.

In circuit court in Palm Beach County, Wednesday, before Judge Chillingworth, 26 applicants were examined and given citizenship papers. The Lions club makes much of this ceremony and showed special attention to the class members. Chairman Francis Coo also spoke to the new citizens.

Three of the new citizens came from Belle Glade, namely: Mrs. Eva Rose Narr Kruse (Germany), Mrs. Mary Grace Wilson (British), and Louis Skrobis, Yugoslavia.

Every night at 7:30 o'clock an entertaining and interesting program will be presented, and the first soft ball game will be played between the officers and the young men of the Presbyterian Church. Another church group who would like to participate in these games may contact Tom Watson, Jr.

The Rev. Iverson is very popular with the public, being only 32 years old, he is an athlete and a veteran. He received his education at Miami Senior High School, Davidson College, and earned a Bachelor of Arts and a D.B.E. degree. He has an outstanding record in both high school and college football, basketball, ball and track, and received the annual trophy for the all around athlete during his senior year at Davidson College.

There is also appropriated the estimated \$2,000,000 for the State's matching funds to a two year period from the general revenue funds. We encourage the same place as to money available under the present revenue bills as other general appropriations.

When Fuller recovers from the rigors of community bliss he will be back in the office again, and he will be called the "Boss Back" and provide further revenues to insure a full appropriation being available.

If this isn't done, we believe there is serious interference with the proposed schedule may be expected.

Whatever you may have in the Glades has been given a substance it never had before—and steady and undiluted increase in desirability and value.

A 25,000 year round population in Belle Glade in 1955 is not only possible, but interestingly probable.

Methodist Vacation School Will Start Next Monday Morning

Rev. and Mrs. Leonard Vanderveen, who have been here since 1941, will preside over the vacation school. The Methodist conference, Lakeland, and are very happy to be returned to the Community church for their third year assignment.

Rev. Mr. W. L. Vandevert announces he will build his new summer vacation Bible school for Beginners, Primary and Junior pupils.

Stevenson, Treasurer, president of Penn Mutual Life Insurance Co.; and Lee Peris, Secretary, Director of the National CIO Community Service Committee.

Prominent Laymen Form Commission

To Help In Public School Crisis

Aroused by the continuing nationwide crisis in the public schools, a group of prominent men and women have formed the National Citizens Commission for the Public Schools which will work for concerted action to meet the emergency conditions. It was announced May 16.

The Commission has received initial financial support from the Carnegie Foundation and the General Education Board.

Dr. James B. Conant, President of Harvard University, hailed it as "potentially the most important move for the advancement of public education in the last fifty years."

The initial meeting of the new Commission are Mr. Barry Blough, V.P., Louisville Courier-Journal and Times; Mr. Edward S. Bassett, Executive Director, American Education Foundation, New Orleans; James P. Brownlee, Vice-Chairman, Penn Mutual Life Insurance Co.; Mrs. Edward R. For The Summer Period

Mr. and Mrs. M. Michael, and son, Herbert, on Saturday, left for their customary absence from the city during the summer months. Their first destination was New York City, where Mrs. Michael and son will be located, with Herbert taking radio instruction at Radio City under contract with Mr. Michael. He will journey westward to Minnesota, where he will carry on his usual clothing business.

LEGISLATIVE DOINGS

(Continued from page 1)
Taxation committee believed to the economic blockade there were to close on the roll call that time after time defeated the sales tax measures or cut back proposed mushrooming appropriations. In the Senate the well oiled sales tax machine, headed by Senator W. Shands, rolled over all opposition for a time, but stalled in the last forty-eight hours. Senator John Beacham and others, however, amendments at this legislative juggling without avail. The Senator from the 35th District particularly fought the hotel and room tax as discriminatory. Senator South Florida and as single out particularly our tourist industry.

All five flood control bills for South Florida passed the House and Senate and were signed by the Governor with appropriate ceremony. The leadership furnished by Senator Beacham as Chairman of the Senate Flood Control and Water Conservation Committee and E. Elliott, heading a similar group in the House and ably aided and abetted by John Bollinger, was outstanding.

Proposed legislation of the magnitude of the \$26 million dollar South Florida Flood Control program ever before passed through a gauntlet of committees and through the Senate and House without a dissenting vote. While such a record might look glary, it was the cumulative teamwork of the Palm Beach County delegation its inspiring leadership, several

is any wonder the legislature is going to be compelled to return to Tallahassee to finish the thank less task of providing a revenue source to finance our growing state?

Don Miller Awarded Local School Contract

The County Board of Public Instruction at its Tuesday session received a communication from the Palm Beach County Classroom Teacher Association, which stated that county teachers be given a \$600 a year raise in salary, on the claims that teachers pay was not up to general standards of pay elsewhere. This petition was tabled until after the Board can figure on its budget for the coming year, owing to uncertain amounts coming from the state.

The Board cited that the class of the teachers somewhat exact as to the salary schedule, maintaining that it was above par and among the highest in the state. The Board is now awaiting the rating of rank 1; in rank 2, salaries run from \$3400 to \$3750; and in rank 3, from \$2250 to \$2475.

The Board accepted the bid of Don Miller and Son of Pahokee, for the construction of the four room addition to the Belle Glade High school, on his bid of \$34,877.00, such work to be completed prior to school opening date.

Presbyterian Church Erected This Summer

The Everglades Presbyterian Church has begun a building program with a goal of \$8000 for a concrete church structure to replace this summer.

This will be built on their property on the Pahokee Road and will adjoin the Manse. It will serve as a temporary church until improvements and additions to be made later which will include Sunday school rooms.

Special affairs for raising funds have been planned and six teams of church members are now working.

persistent efforts made to legitimate it out of existence. It's present perspective. The efforts ended in defeat and the Commission will continue to operate

under its Constitutional establishment rights.

The Commission got through a bill which will permit it to open thousands of acres of state lands to hunting and fishing activities of the sportsmen of the state, much of the new territory being in the Glades area.
